Organized by: Peshawar University Teachers Association &amp; Eduvision

**January 16<sup>th</sup>, 2009**

(List A-Z order)

Title	Name	Comments	Suggestions
Prof.	Abdul Jabbar	I will be very thankful of Pro: Abbas to invite us to this knowledge full programme.	To conduct seminar in different Government institutions throughout the country.
Prof.	Abrar ullah		I will decide all these things after studying that your programme is completely best.
Prof.	Amanullah	Good way for result orientation. Well for guidance, counseling and a good website.	To bring improvement in this programme this organization must provide some scholarships for poor students.
Prof.	Dr. Muhammad Farooq Swati	I thank and support the efforts of organizers of Eduvision. They are devotedly contributing to the society especially the youth.	The awareness programme should be intended to schools including cadet colleges.
Prof.	Dr. Shahida Zakir	Very good service extended by you.	More teacher counseling necessary.
Prof.	Dr. Bashir Ahmad	The worked liabilities should be changed as stakeholders. The seminar was too long and not specific. It must have strategies specific.	Please make your seminar specific about student counseling. Make the seminar along with other activities which may be a short duration film about other societies or country that have damaged in education.
Prof.	Dr. Fakhar ul Islam	The seminar of 16-1-09 in Peshawar was quite helpful in getting awareness about Eduvision. The presentation of Mr. Almas was superb.	Think about extending your services to religious madrassahs as well. People studying there deserve our attention. May be we can chanelize their potentials towards national development.
Prof.	Dr. Farzand Ali Jan	Seminars at the time of admissions especially in July /August are required at all colleges of city centers. The present seminar is too late.	
Prof.	Dr. Tariq Bangash	None at the moment at least	Meetings / discussions / feedback is important
Prof.	Dr. Ikhtiar Khan	Eduvision is doing a wonderful job.	I wonder if Eduvision can publish small booklets (mini directories) of different fields in education / research facilities available in Pakistan.
Prof.	Izzat Khan	Very interesting, informative and motivating.	
Prof.	Jafar Ali	For career planning it (Eduvision) will play an initial role. Because most of the students have no plan for future.	This process (Seminars/workshops) should not be stopped. It must have a permanent office in every city if it is possible.

Prof. Khuram Shehzad	Commonly all around Pakistan and particularly in frontier we people working this type of seminars regarding future career counseling.	Eduvision is as well motivated and dynamic programme and its team is performing well in this regards. You must require the services of dynamic people. So incorporate them in this programme.
Prof. M. Owais Mehmudi	I wish Eduvision all the best .They need to bring awareness in public at mass level.	Students at college level must be informed about Eduvision. Teachers are normally not consulted while doing career planning.
Prof. Mazahar ud Din	The objectives of Eduvision are in harmony with the true nature of education that is to develop personality to bring optimum change in behavior, to mould knowledge and character.	Eduvision should also facilitate and encourage those students who have poor academic record and poverty stricken student.
Prof. Muhammad Ilyas	Respected sir, first time I am participating in the Eduvision seminar about career planning, so overall this was a good seminar and beyond my expectations.	Respected sir, my suggestion is to maximize you people functions and services just for the good future of Pakistani Nation.
Prof. Muhammad Riaz	O my Allah, provide all those people all the happiness and prosperity in their life who honestly work for the betterment of Pakistan	Please visit the tribal areas. Provide information and preparation programme for competitive examination.
Prof. Nabi ur Rehman	Step taken by Eduvision is highly appreciated. I personally warmly welcome all the team of Eduvision.	I suggest that this Eduvision programme may be launched at small cities in order to chalk the importance of selection of their education.
Prof. Qayyum Shah	I learned very much from the current seminar	You should arrange seminars frequently even in small cities etc.
Prof. S.Waqas Ali Shah	Its important to help and guide the youth.	Teacher training workshops. Local offices and office bearers, periodic seminars.
Prof. Said Wali	If practically use all these action which are think that the progress of our country.	Eduvision is the main key of every hurdle, and focus the education of the students.
Prof. Saiwa Jawad	This my first seminar which I am attending and I got a lot of information, I wish I could visited u before	You people should give the advertisement on virtual university and other TV channel so that every one could be able to get information.
Prof. Saqib Shahid	Excellent seminar for teachers to guide students in right manner.	Must through light on object/purpose of education this era of disdain as the aim direction must be subjected to the changing scenario of the world and specially of country.

Prof.	Shaukat Ali	I think that there is lake of information about scope of different fields	The deficiency about the scope of different field should be fulfilled.
Prof.	Syed Iltaf ur Rehman	to check and study our CV.	Also do something to bring education form in our Country.
Prof.	Zahid Khan	The work which is performed by the Eduvision is very good and we appreciate it.	The work which is performed the Eduvision so it is necessary that it can do in the villages etc.
Miss	Khadija Gul Bukhari	Please improve the subject matter next time	A standard for one line information available has to be established because as usually on line information is not adequate and up to dates regarding educational careers. One window operation for student admissions must be established. There is a need to find out have many head are required in various private and Govt: sectors /departments / organizations.
Mr.	Khair Ullah	The seminar was very fruitful and informative especially for students.	To conduct this type of seminar in different educational institutions through out the country.
MR.	Abdul Khaliq	Now a days main problem in education is because of teacher as well favoritism, but in real every student is special ,they only need encouragement	Concentrate on teacher to encourage student
Mr.	Abdul Latif	I am really very impressed, due to Eduvision many students can take help in future, they do not face the problems which are already faced in parts.	From my point of views the need of Eduvision is more in local area of Peshawar like swabi Mardan and please kindly provides the details about Mardans and please kindly provide the details about jobs in Pakistan in your Eduvision site thanks.
Mr.	Abdur Rahman	Eduvision is becoming a great organization in future and I will pray for them. I will do for them.	The seminars and workshops should be encouraged on primary and high schools level because the career starts right from that place.
Mr.	Ahmad Rashid	Eduvision is doing a very good activity by organizing seminars and availing students to plan their career.	A little more advertisement required to aware people about Eduvision.
Mr.	Ahsan Habib Sulehria	Good effort to provide information about us	Your organization should also provide data about organizations job in Pakistan as well as outside.
Mr.	Ahsan Munawar	It is good for those students	My suggestion is that to make

Raja	who are willing to do some thing by own self	more seminars in the schools and colleges.
An Observer	Now I understand the meaning of planning without vision. Please look at the basic needs in our poor country. It is literacy and analytical skill, otherwise we will be going round as we have in this seminar.	
Mr. Arif Safdar	The speech was very beautiful. Provide scholarship information in Pakistan in your website.	To spread this information in all villages cities every where in Pakistan.
Mr. Asif Ali Pasha	I feel extremely very happy that in my home posses such people that guide the coming blood of Pakistan and if they are guided perfectly inshallah Pakistan will lard on day.	My suggestion is that to send update information to the students and promote your activities to the university level like if you people establish a society in all university and college level in which the experience people guide the students and the students are motivated to arrange some gathering to promote your this good activity.
Mr. Ata ur Rahman	It is your best thought. I appreciate this though. I pray that it works better in future.	The programme should be arranged in every city and district. There will be special programme for those who passed their master. Parents motivation is also very necessary.
Mr. Ayaz Khan	Really it is very very helpful not only not for students but for parents to choose a best place for their children.	I think on line career planning and counseling should be provide beyond the only information availability on website.
Mr. Bismillah Khan	Eduvision programme is very best for students.	Eduvision should provide information about the relevant jobs information about the read organization in Pakistan.
Mr. Burhanuddin	First invite the parents and 2nd teachers guidance and third students	
Mr. Hadid Ullah	According to my thinking the Eduvision is more useful and modern institution for all Pakistani, especially for student bright future.	Continue the seminar all over the country. Update information in the website. Provide career opportunity in the website. Make member of Eduvision and contact it in a monthly basis.
Ms. Haseena Khan	I hope that Eduvision will be able to bring a new and good change in our education system. It is good to held workshops, seminars and tests but students should be allowed to contribute.	Eduvision should train the teachers and help out them to solve the problems of students regarding their studies. There must also be some practical work.
Mr. Iftikhar Ahmad	I am very appreciating your efforts which you do for	My suggestion is that for your gentle organization to regularly

	students and also admire your work because it will give courage to them.	held this programme and to give them the fruitful knowledge and courage.
Mr. Ikram Ullah	Please Dr. Atta ur Rehamn were again the chairman of HEC. He was a very good man and he worked very well for our country and for our people.	These programme are well and I have done some thing for these institution and what I can do some thing for your institution.
Mr. Imran Khan	Please provide me more information about education because my past was very bad and make it good in future for my parents.	Your programme is so best please run your programme . May God bless you.
Mr. Imtiaz Khan	I want that Eduvision reach to every person and every one know about it.	How can I get my CA after completing my M.Com.
Mr. Irfan ullah	Please provide the programme in which the teacher and parents are invited for the betterment of our education.	Invite the common people specially educated people in betterment of education
Mr. Jamdad Khan	I am so much impress from your work and appreciate it . I pray that Allah give the success in your work and help you in achieving your goals.	If you provide jobs information to students , it will be to good. For example taking the advertisement from different newspapers.
Mr. Kamran Afridi	Teachers consider themselves as Gods and give marks based on favoritism and references.	They (Teacher) must realize about heir job and right to solve the minor problems of the students.
Mr. M.Asif Khan	Kindly take the feedback o students who completed their studies. It's a good movement by you people.	Your information based organization need to help poor potential students in their studies .And the organization needs to be contact for direct information.
Mr. M.Ismail	I learned very much from the seminar	You should arrange a seminar frequently; even a small city.
Mr. Muhammad Ali	Please do something for the students in obtaining job or methods for how to apply	Eduvision is a good thing to motivate those who have no guide line about career.
Mr. Muhammad Fayyaz	It is good to continue your vision in the country to propose the mind of the weak students, and also promote and develop the future of the students.	To visit practically and contact with students individually and through seminars in the education center in the country especially in backward areas of the country.
Mr. Muhammad Iqbal	I am appreciating your efforts about student's guidance and encouraging them regarding their field	I suggest you that you should implement your programme practically and guide your students in their relevant fields. Your programme must be implacable.
Mr. Muhammad	To get more information	To spread this information all

	Jawad	about universities as you usually doing, continue it.	cities villages and towards and make the websites more early.
Mr.	Muhammad Tanveer	Conduct such seminar in each and every department number wise every month of after 2 months.	I suggest that this is a very good workshop which is occurring in our college, I suggest that conduct such seminar every month.
Mr.	Naseer Ahmad	It said 1st impression is last impression and this vision certainly. I just love with your vision etc	I have no more suggestion because you are doing 100% satisfactory.
Mr.	Nimra Shahamat	Its good to have that you people come and do seminar. To continue this thing because as a student we need them.	To give certificates because as we attending and these credentials are very much up in future life . In job these certificates play an important role.
Mr.	Noor ul Amin Khan	An excellent welfare programme for the students and teacher at their threshold. If provides much.	Must through light on object/purpose of education this era of despair as the aim direction must be subjected to the changing scenario of the world and specially of country.
Mr.	Parvez Khan	First invite the parents and after it best teachers	I want to be a lecturer kindly guide me.
Mr.	Rafi ur Rahman	Eduvision is a brilliant program. It will help students especially those who are disappointed. Poor parents and students will pry for its success.	Publicize yourself as much as possible. Students are thirsty for such a programme they are enthusiastic to search such a great website, where they can access all the institutions in Pakistan.
Mr.	S.Riaz Ahmad Shah	I think it is a good decision of PUTA to start like that type of activity like Eduvision website and different seminar which are appreciable.	Apprciatable activity but extends to some rural areas.
Mr.	Sajid Mahmood	Its very good for the educated people and also very very good for the students of rural	You are doing all the things very properly and very systematically so I have no
Mr.	Syed Osama Farooq	Really very impressive effort. Highly commendable but there is always a room for improvement.	Being their and working so white heartedly Eduvision is still unknown in a large sector of educational society. There should be a mass awareness campaign in institutions so that many and many students are beneficent.
Mr.	Tariq	It is a good opportunity for student to take help of Eduvision while adopting career planning	These types of seminars should also be conducted in those areas where people do not have concept about education such as FATA Northern areas and Southern districts in NWFP.
Mr.	Zahid ullah	The person which complete	You can specifically focus on

master, provided facilities of special field. No technical training provides financial support.

teachers of primary level, middle level higher level which give support of higher students. I also repeat again that you can support student which are poor.
